

2006 Clean Marina Pledge

The Washington, DC Clean Marina Initiative promotes and celebrates voluntary adoption of measures to reduce waste and prevent pollution from marinas, boatyards, and recreational boats. Designated "Clean Marinas" are recognized as environmentally responsible businesses.

As the first step toward achieving Clean Marina status and on behalf of

_____ (Name of marina or yacht club),
we pledge to do our part to keep the District of Columbia's waterways free of harmful chemicals, excess nutrients and debris and to educate our boaters as to clean boating practices.

We will identify opportunities and implement practices to control pollution associated with:

- Vessel maintenance and repair
- Petroleum storage and transfer
- Sewage disposal
- Hazardous and non-hazardous wastes
- Stormwater runoff
- Facilities management

We commit to actively pursuing full standing as a Clean Marina. Within one year of the date below, we will implement appropriate pollution prevention practices and will apply to the National Park Service and/or District of Columbia for recognition as a Clean Marina.
